Durham PreK Provider Licensing and Regulatory Compliance Requirements

Licensing

Programs serving Durham PreK children shall have a five-star rated license at the time of application and maintain a five-star license while participating in Durham PreK.

For new centers, a 6-month temporary license may be accepted for Durham PreK participation with the expectation that the program will achieve a five-star license at the end of the temporary time period. Failure to achieve a 5-star license may result in termination as a Durham PreK provider.

Once participating in Durham PreK, a center that is relocating or experiences a change in ownership may be mandated to obtain a temporary license. Such centers may continue to participate in Durham PreK only if actively working with CCSA's Technical Assistance program to support relicensing at the 5-star rating at the end of their temporary status. Failure to achieve a 5-star license may result in termination as a Durham PreK provider.

Should a Durham PreK program drop to a license below a 5-star rating, providers may be considered (though not guaranteed) for continued participation in the Durham PreK program, on a case-by-case basis. Such consideration is contingent on the program's active participation in CCSA's Technical Assistance program to support reassessment and re-licensure at the 5-star rating. Requests for reassessment must be submitted within 1 month and completed within 5 months. Provider is responsible for paying for any reassessment and licensure fees. Failure to achieve a 5-star license upon reassessment may result in termination as a Durham PreK provider.

Compliance

Programs *applying* to serve Durham PreK children must have no open Administrative Actions from North Carolina Division of Child Development and Early Education (DCDEE) against their current license (excluding those related to licensing fees) and must not have an open investigation related to Child Maltreatment. The eligibility of programs with Actions issued in the past 12 months related to any violations, including, but not limited to, Child Maltreatment, Supervision, Discipline, or Safety, will be considered on a case-by-case basis.

Program applicants must also notify Durham PreK of any open/pending investigations by DCDEE. While such investigations are not immediately disqualifying, Durham PreK reserves the right to track progress of open investigations and delay approval of applicants until the outcome of an investigation is resolved. Failure to disclose any open/pending investigations during the application process does result in immediate disqualification from Durham PreK.

Programs *participating* in Durham PreK must notify CCSA's Durham PreK management team within 10 days of official notification of an Administrative Action by DCDEE, including, but not limited to written warnings, civil penalties or probationary or provisional licenses. Notification is required regardless of intended or pending appeal status of any Action and failure to notify may jeopardize payments and/or eligibility.

Similarly, program participants must notify Durham PreK within 10 operating days when an investigation has been opened at their facility. Durham PreK will track progress of open investigations until the outcome of an investigation is resolved. Failure to notify Durham PreK of an open investigation may jeopardize payments and/or eligibility.

In the event that an Administrative Action by DCDEE is issued to a current Durham PreK provider, Durham PreK may take one or more of the following steps:

1. Remain apprised of the situation, but take no immediate action.
2. Require that Durham PreK families be informed of the Administrative Action. Programs should be prepared to provide documentation that was distributed to all families regarding the Action confirming their awareness.
3. Require the program to engage in a Technical Assistance contract with CCSA or another appropriate local agency to ensure that quality is being maintained at the site following the Administrative Action.
4. Cease awarding *new* funding/slots during the period of probationary/provisional license, or until the Admin Action has been closed through successful completion of the DCDEE-specified Corrective Action Plan (typical in any case involving potential child maltreatment).
5. Give notice that Durham PreK funding at the facility will be terminated and/or not renewed for the next school year.

The Durham PreK Governance Committee, as guided by CCSA's Durham PreK management team, shall review any case in which a program's eligibility for new funding or ongoing contract status are being considered. Each case will be reviewed on an individual basis to determine appropriate steps to be taken.

Child care programs may provide written documentation about the investigation or Administrative Action, including any refuting materials or circumstantial/contextual information, to the CCSA Durham PreK management team within two weeks of an Action for consideration by Durham PreK.
